- Oregon State
- University of Arizona
- University of South Carolina
- University of Georgia
- United States Military Academy
- University of Alabama
- UCLA
- Cal State Fullerton
- University of South Florida
- University of Texas

"If you want to be a complete player, spend time improving your visual skills, Tony is the best in baseball in teaching the visual game."

—Manoy Ramirez, Seven-Time MLB All Star

"We all have been taught to work hard and give 110%. With Tony you learn how to work smart and develop skills that will last a lifetime!"

—Tim Winton, Head Softball Coach, University of Florida

"Tony is unquestionably the most innovative teacher baseball has ever seen... nobody has been more progressive than him. He is the soul of baseball's future."

—Lou Pavlovich, Jr. Editor, Collegiate Baseball

WE CAN HELP WITH THE INVISIBLE PART OF YOUR GAME!

The way Tony presents the visual part of hitting and training is incredibly straightforward and engaging. He explains why vision plays such a critical role in hitting.

Tony has made a big impact on me and many others making them understand that hitting is more than just physical ability and more about enhancing the mental and visual senses to make better swing decisions in the batters box.

You are only as good as the pitches you swing at!!!

Al LeBoeuf
Lead Hitting Coach
Milwaukee Brewers

"I have never heard anyone articulate a system for vision mechanics with the level of detail and completion as Tony. His ability to understand, articulate, and formulate visual strategies for hitters will make anyone better who spends time with him."

Jay Johnson
Head Baseball Coach, LSU Tigers
2025 MCWS National Champions

"So much swing talk and mental tools stuff out there".

"When I met Tony and read and learned about his vision concepts and how to apply them in real games, it was a game changer".

"Everyone talks about see the ball better and make good swing decisions, Tony gave me a real game plan this year".

Ramon Laureano
OF | San Diego Padres

When I first met Tony, it was the most revealing and refreshing approach to visual acuity and performance based teaching throughout baseball and softball that I was introduced to in 50 plus years of the game.

The results of positive productivity for Team USA were immediate."

Ken Eriksen | Head Coach
USA Softball Women's National Team
& Univ. of South Florida

"Tony has a deep understanding of how to take those next steps to see and then be the best athlete you possibly can, and his methods are unique to anyone I have ever been around."

Jessica Mendoza
2-Time Olympian & ESPN Analyst

When I first heard Tony speak on vision psychology, I was blown away. I have never heard anyone explain seeing the ball like him. After he spoke, I had to meet him. And boy, I'm so glad I did. I have used his tools and knowledge in my coaching and it has taking me to another level as a hitting coach. He is a resource I use often.

Bobby Magallanes
Seattle Mariners Hitting Coach
